Short-Answer:

Dr. Stair, Dr. Roberts and Dr. Blackburn discussed what role they play in agricultural education. What role can you play in shaping the future of agricultural education? What changes would you make?

"The Louisiana FFA Association is a resource and support organization that does not select, control or supervise local chapter or individual member activities except as expressly provided for in the state FFA constitution, bylaws or policies."

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.
